RE: 98N-1230; 96P-0418; 97P-0197

Please - more must be done by the FDA than just to put Bacteria labels on eggs

and the FDA should stop the practice of forced molting -- it causes disease and wrecks the hens immune systems

and ban bad farm practices

Please grant the April 1998 petition today -- for the sake of human health and humane treatment of the hens.

Thanks for your consideration.
